DETAILED ACTION

Election/Restrictions

1. Claims 1, 2, 4 thru 7, 9 thru 17, and 20 thru 24 are allowable. The restriction requirement between species, as set forth in the Office action mailed on 6/27/05, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable claim.**

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim(s) presented in a continuation or divisional application include all the limitations of a claim that is allowable in the present application, such claims may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

Allowable Subject Matter

2. Claims 1, 2, 4 thru 7, 9 thru 17, and 20 thru 24 are allowed. The following is an examiner's statement of reasons for allowance: The references of record, either singularly or in combination, do not teach or suggest at least a bidirectional photothyristor chip, comprising: a first photothyristor portion and a second photothyristor portion each including an anode diffusion region of a first conductive type and a cathode diffusion region of a second conductive type; and a channel isolation region for separating a channel of the first photothyristor portion and a

channel of the second photothyristor portion, wherein the anode diffusion region is disposed closer to a side of the channel isolation region than the cathode diffusion region in the first and second photothyristor portions.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
